[REDACTED]

- Between 13 and 19 August 1950 ten fighters previously observed at the Schoenefeld (N 53/Z 93) airfield were transferred, along with their personnel, to an undetermined place. \* Ten biplanes arrived at the field and were parked in the hangars on the southern edge.
- On 22 August 1950 two twin-engine DC-3s made local flights until late in the evening. Similar flights were not previously observed.
- According to previous observations civilian planes operate at the field only on Tuesdays and Saturdays. On all other days only military aircraft were flying there. \*\* When the military planes were being loaded a large area around them was blocked.
- On 23 August 1950 the wife of Colonel Koltivator, (fnu), commanding officer of the field, was flown back to the U.S.S.R. \*\*\* Other dependents of the colonel left by plane between 21 and 24 August 1950.
- The airfield was supplied with food from Biesdorf (N 53/Z 95).

25X1A \* [REDACTED] Comment. The same source has continually reported 10 fighters at the field after 10 June 1950. This has not been confirmed by other sources.

25X1A \*\* [REDACTED] Comment. This information is received for the first time and is doubted since, to date, the field has been used by commercial planes on all days. The report does not contain any indication that the field was turned over to the German Democratic Republic.

25X1A \*\*\* [REDACTED] Comment. [REDACTED] previously reported Colonel Koltivator to be commanding officer of the field. [REDACTED]
